One Page Project Summary

The Apollo Park Youth Fishing Derby will be celebrating its 43rd year on May 2, 2015. Several hundred children ages 5-15 throughout the surrounding communities enjoy a free derby that concludes with prizes handed out to boys and girls in four age categories. Prizes include, bikes, tents and fishing poles. The first 250 participants receive a Fishing Derby T-shirt and a free raffle is conducted during the derby.

This year we are adding a Family Campout option for the first time in program history! Families who register to participate in the campout will be entertained with group activities, a movie on a huge outdoor screen, smores and a meal.

The Youth Derby funding is currently offset by two Adult Derbies that are conducted each March and November. The approval of the requested Grant would allow us to purchase more fish and add additional activities for the Family campout. The additional fish will allow each child a greater opportunity to experience the thrill of their first catch.

Grant Application

Background on Applicant:

Purpose and goals:

The purpose of the Youth Derby is to provide youth an opportunity to learn and experience the art of fishing. The program's intention is to provide a better quality of life for each participant and their families. The hosting site also has an abundance of waterfowl for the participants to see and experience. The goal of the programs is to offer a fishing and family togetherness experience to as many youth and families as possible.

Brief summary of current activities:

As explained above, we currently conduct two Adult Derbies annually and one free Youth Derby in May.

Geographic area served:

The majority of the the participants are from Lancaster, Palmdale, Quartz Hill, Littlerock, Sun Village, Lake Los Angeles and Rosamond. There are participants that come from the Santa Clarita Valley as well as the San Fernando Valley.

Grant Application

Major sources and dollar amounts of corporate, foundation and government support during current and past fiscal year:

Los Angeles County Parks and Recreation. The only source is through the current Adult Derbies.

History of all grants received from the Los Angeles County Fish and Game Commission:

We have not received any grants at this time.

Project Information

Statement of justification of need:

The grant approval would allow us to remain consistent with the quality of service that has been provided to date. As explained earlier, the Adult Derbies provide the funding for the Youth Derby. Unfortunately, our most recent Adult Derby in March experienced the lowest participant turnout in over a decade. The funding from the requested Grant would help out tremendously at this time.

Statement of purpose and goals:

The purpose of the Youth Derby is to provide youth an opportunity to learn and experience the art of fishing. The program's intention is to provide a better quality of life for each participant and their families. This is another reason the Family Campout was added for this years Youth Derby.

Action plan to meet objectives:

As the funding relies on the success of the Adult Derbies, we are looking at ways to increase participation, through media releases, online promotion, flyers, word of mouth and most recently created an email distribution list.

Statement of how the objectives advance the propagation and protection of fish and wildlife:

Awareness is key: Our hope is that each participant in the program learns to respect and appreciate their surrounding, which in turn leads to increased knowledge on just how important protection is to fish and wildlife.

Project budget and timetable:

N/A

Sources of other support for project:

N/A

Current status of project:

N/A

Cash flow analysis of the expenditure of project funds:

N/A

Proposed method of evaluating results:

Through surveys and number of participants.

CALIFORNIA FISH AND GAME CODE

§ 13103. Expenditures from fish and wildlife propagation fund; purposes

Expenditures from the fish and wildlife propagation fund of any county may be made only for the following purposes:

- (a) Public education relating to the scientific principles of fish and wildlife conservation, consisting of supervised formal instruction carried out pursuant to a planned curriculum and aids to education such as literature, audio and video recordings, training models, and nature study facilities.
- (b) Temporary emergency treatment and care of injured or orphaned wildlife.
- (c) Temporary treatment and care of wildlife confiscated by the department as evidence.
- (d) Breeding, raising, purchasing, or releasing fish or wildlife which are to be released upon approval of the department pursuant to Sections 6400 and 6401 onto land or into waters of local, state or federal agencies or onto land or into waters open to the public.
- (e) Improvement of fish and wildlife habitat, including, but not limited to, construction of fish screens, weirs, and ladders; drainage or other watershed improvements; gravel and rock removal or placement; construction of irrigation and water distribution systems; earthwork and grading fencing; planting trees and other vegetation management; and removal of barriers to the migration of fish and wildlife.
- (f) Construction, maintenance, and operation of public hatchery facilities.
- (g) Purchase and maintain materials, supplies, or equipment for either the department's ownership and use or the department's use in the normal performance of the department's responsibilities.
- (h) Predator control actions for the benefit of fish or wildlife following certification in writing by the department that the proposed actions will significantly benefit a particular wildlife species.
- (i) Scientific fish and wildlife research conducted by institutions of higher learning, qualified researchers, or governmental agencies, if approved by the department.

- (j) Reasonable administrative costs, excluding the costs of audits required by Section 13104, for secretarial service, travel, and postage by the county fish and wildlife commission when authorized by the county board of supervisors. For purposes of this subdivision, "reasonable cost" means an amount which does not exceed 3 percent of the average amount received by the fund during the previous three-year period, or three thousand dollars (\$3,000) annually, whichever is greater, excluding any funds carried over from a previous fiscal year.
- (k) Contributions to a secret witness program for the purpose of facilitating enforcement of this code and regulations adopted pursuant to this code.
- (l) Cost incurred by the district attorney or city attorney in investigating and prosecuting civil and criminal actions for violations of this code, as approved by the department.
- (m) Other expenditures, approved by the department, for the purpose of protecting, conserving, propagating, and preserving fish and wildlife.

(Amended by Stats.1990, c 764 (A.B. 4039), § 3; Stats.1991, c. 561 (A.B.722), § 2.)
